

DAUGHTERS OF THE LORD

Objective:

To affirm mothers and explore roles which all women take as daughters of the Lord.

Program Overview:

"For My Children" is a 45-60 minute musical program led by contemporary Christian singer and songwriter, Sam Kauffman, a roster artist of NEAG Music. This program not only looks at the role of women as mothers, but goes one step further to examine a woman's relationship with God as a Daughter of the Lord.

Through the use of scripture along with Sam's original music and poetry written for her children, this program explores the many roles of women not only as daughters and mothers but as people who care for families, neighborhoods and communities.

"For My Children" is an ideal program for Mother's Day, Mother's Groups, Women's Ministry, special events, Bible Studies and one day retreats.
