

# FOUR CANDLES

## Objective:

To help prepare for the celebration of Christmas through a musical program using the Advent wreath as a symbol of God's light which came into the world through Jesus, the Savior.

## Program Overview:

"Four Candles" is a 45-60 minute program led by contemporary Christian singer and songwriter, Sam Kauffman, a roster artist with NEAG Music.

"Four Candles" encourages the active participation of the audience through singing. It is a wonderful addition to seasonal programming - ideal for families, fellowship gatherings, youth, bible studies, men's or women's ministry events. It can also be used as a one day retreat.

If children are present at the program, there is a special part for them to play in the program during Part Six.
