

HOUSE MADE OF JOY

Objective:

To illustrate how God is the architect for all of creation by developing an appreciation for people as works of the Lord in progress as well as seeing the ways God uses our hands to build up the Kingdom.

Program Overview:

"House Made of Joy" is a 45-60 minute program led by contemporary Christian singer and songwriter, Sam Kauffman, a roster artist with NEAG Music.

The theme of this program is deeply rooted in scripture recognizing that God creates, builds up and sustains all life through faithfulness and an outpouring of love. Using the construction of a home as a metaphor, "House Made of Joy" explores how participation in this project helps us grow in our relationship with the Lord.

Program Outline:

- Part One: If the Lord Does Not Build The House
Meeting With the Architect In the House of the Lord
Song: In My Father's House
- Part Two: Heavenly Blueprints
God the Master Carpenter - Even Jesus Was In
Construction
